## About Me

I am a SACAP registered candidate architectural technologist with a Bachelor's degree in Architectural Sciences and nearly 8 years of experience gained through internships at various architectural firms and private clients. Recently, I have been working remotely for architectural firms and private clients, focusing on projects from hospitals, student accommodation, and residential developments. I also have some interest in property development and investments. Currently, I am developing my skills in Unreal Engine to create interactive HD Archviz projects, with a future focus on VR.

## Skills

- Revit
- Archicad
- Adobe Photoshop, Illustrator, Indesign
- Unreal engine, Twinmotion
- Lumion
- Microsoft office, Ms Word, Ms Excel, Ms powerpoint

## Expertise

- 3D Architectural Presentation
- Renders
- Technical drawing
- Storyboards
- Visual design and communication

## Languages

- English - Fluent
- Afrikaans - Basic
- Tsonga - Intermediate
- Xhosa - Basic
- Turkish - very Basic

## Work Experience

2014 -2014

### NDJ Architects

7 Months

NDJ ARCHITECTS helped me gain experience in designing and draughting drawings all while attending site meetings and site visits. This also helped me have a feel of the pace of the working environment.

2016-2016

### Slate Architects

3 Months

Slate Architects allowed me to further experience the working environment while sharpening my architectural skills behind the desk and on site.

2022-2023

### Orbic Architects

1 years

At Orbic Architects, I gained experience in team building, tracking project progress, conducting site visits, and collaborating with contractors and engineers on the Mpumalanga Food Produce Market project. I also improved my design and presentation skills through design activities.

2024

### DGIT Architects

8 Months

During my time at DGIT, I completed Stage 3-4 architectural drawings for major Free State hospital projects and helped secure a 1,500-bed student accommodation development in Welkom through design presentations and area schedules for the BOQ. The company later faced financial challenges due to delayed government payments.

2025

### Xiluva Xa Mina Projects CC

7 Months

Site Manager at Xiluva xa Mina Projects CC for the R72.8 million Perdekop Secondary School project under IDT, overseeing construction from earthworks to lintel level, scheduled for completion in early 2026. The project includes 28 classrooms, a multipurpose hall, admin block, computer and science labs, library, kitchen, guardhouse, ablutions, sports field, and courts.

## Education

2009-2013

### Penryn college (High school)

5 years

Graduated with full colours for sports (Chess (Team captain) & Athletics). Also played Rugby, Hockey and took part in a major roll in the school house plays. I was also SRC for 3 years straight and was part of the "International Round Square" committee in matric.

2017-2017

### Property development & investments (UCT online course)

4 Months

This was a short 4 month course on the core basic of property development. This course takes a look at how to identify profitable property investments while doing an analysis of the property, Area, history and doing a feasibility study.

2018-2023

### Bachelor's degree in architectural sciences (NMMU)

I earned my Bachelor's degree in Architectural Sciences from Nelson Mandela Metropolitan University in 2023. During the last two years, I simultaneously completed my studies and gained practical experience through an internship at an architectural firm, enabling me to learn both in the classroom and on the job.
